The Directory is published by the Painswick Beacon in January each year, and circulated free to all households within the village of Painswick and subscribers elsewhere.

The Directory seeks to list all enterprises within the civil parish of Painswick in Gloucestershire. It is dependent for its accuracy upon all who may be concerned, whether users or those responsible for the many businesses, clubs, societies, services and so on.

While updating information is welcomed at any time it is regretted that corrections cannot be reported in the monthly Beacon itself. Every effort is made to update the web edition on www.painswickbeacon.org.uk, where contact details are also published.
